We profit by their interest and dedication . . .

School Board

Representative citizens of the community serve without pay as members of the Board of School Directors. The school district is fortunate in having such a dedicated group of citizens serving it and its children. In addition to taking responsibility for the public schools, members of the board serve in the community in a wide variety of activities.

Dear Graduates – Class of '67

A great writer, Thomas Carlyle, once wrote, "Happiness is a fraction; the numerator is what you have; the denominator is what you want."

Rich people are not always happy, for they often want more than they have. Smart people do not covet the impossible. Surprising how happy they are! They are ambitious, and energetic, and enjoy getting things they *can* have.

The idea is to have a purpose in life that includes: learning to be of service, working for things that help people to be their best, building for security so that you will be able to care for yourself and help others.

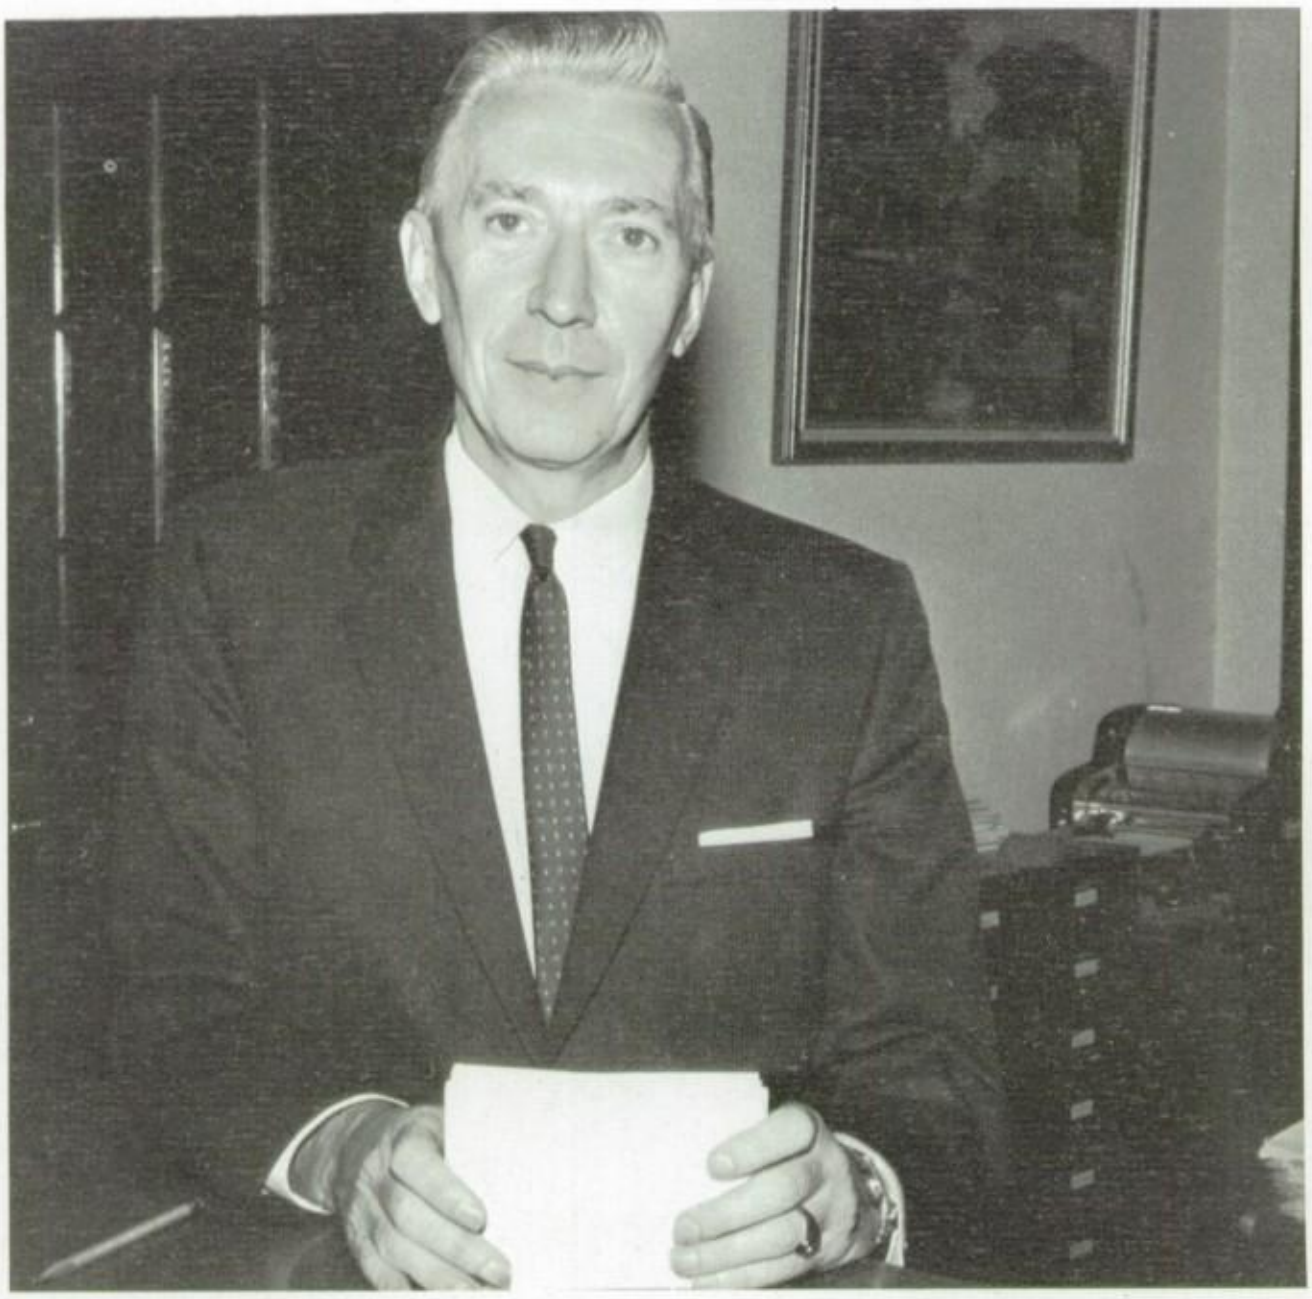
If you work towards this end with all your resources and not worry about the unobtainable, you are likely to be happy – the kind of person people like.

Plato once said, "Take charge of your life; you can do with it what you will."

One way to take charge is to set a goal, pinpoint it, and steer your course by it.

Francis W. Matika

Principal



Your education today is the foundation upon which you build the future. The future can not be any stronger than the weakest part of the foundation.

Vice-Principal

I am pleased to be associated with the Brentwood High School system. I welcome this opportunity and challenge in helping to make the student's years at Brentwood High School the best years of their lives.

I have been impressed with the offerings of the curriculum, the code of dress and appearance of the students, the cleanliness of the building and the co-operation of the student body.

If there is any way I can be of help to any student, I hope they will feel free to ask. I hope each student has a successful and enjoyable school year.

Curriculum Co-Ordinator

Helen Spano

You will be examples of Brentwood's best product — the graduate of our school system; therefore, strive for the ideal which your school has endeavored to instill in you. Don't be satisfied with mediocrity when you have been exposed in Brentwood to excellence.

"The courses offered here will really BOWL you over."

With love and truth and honor

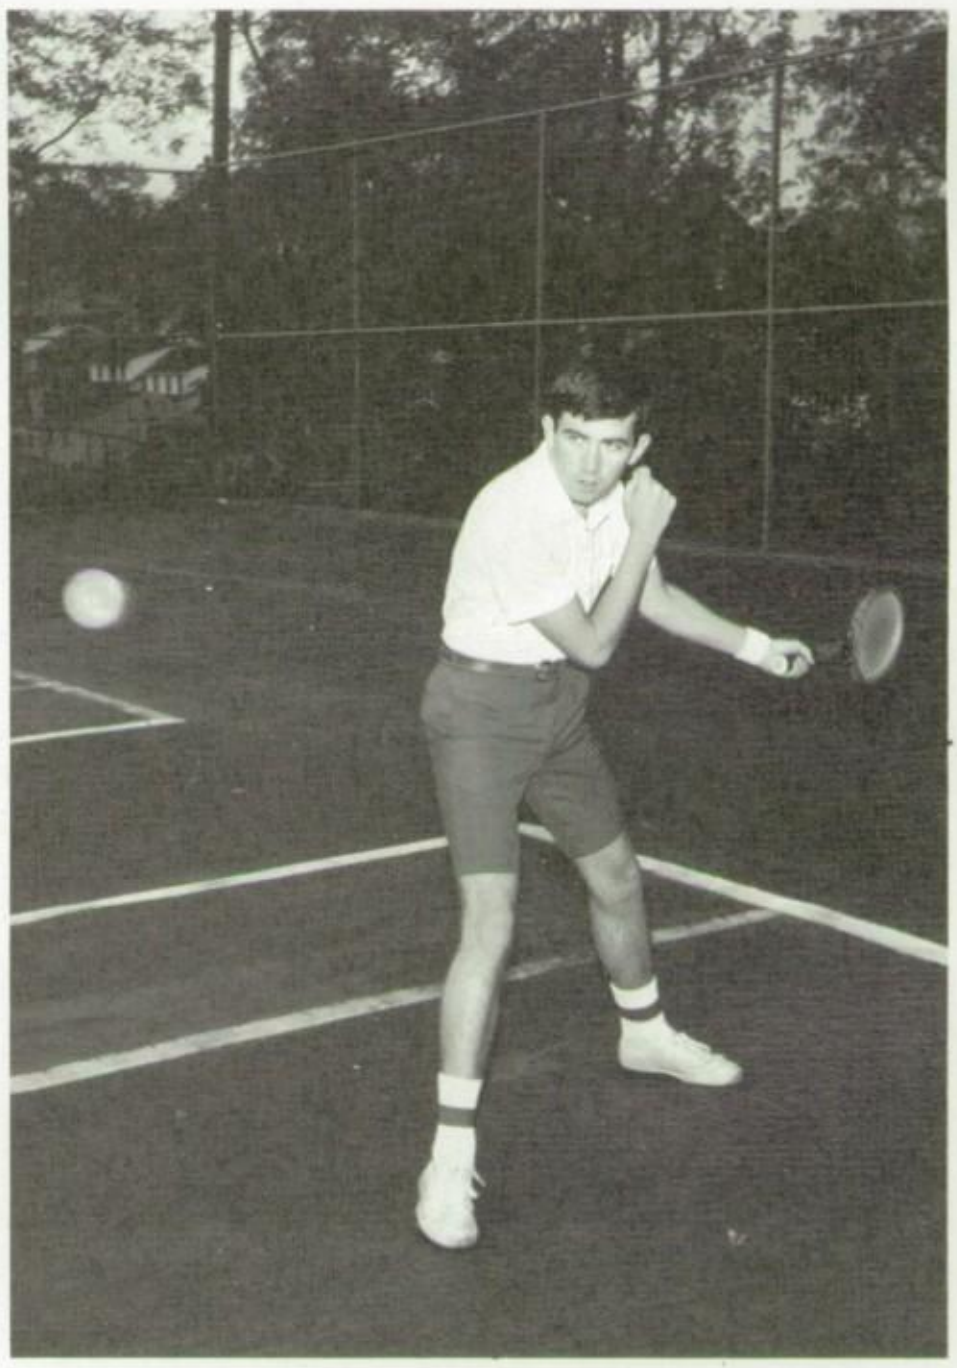
These fine athletes inspire school pride . . .

Tim overtakes the opposition.

"Plu" grabs that important first down pass.



"Durk" sets up for a forehand.

Pat shoots for two against Carrick.

The Spartans, confronted with challenging competition this year, had a difficult season. A long awaited victory over Turtle Creek highlighted the season. The team practiced long hours in the summer sun to prepare for a tough season. In spite of its record, the team exhibited much stamina and enthusiasm through the year.

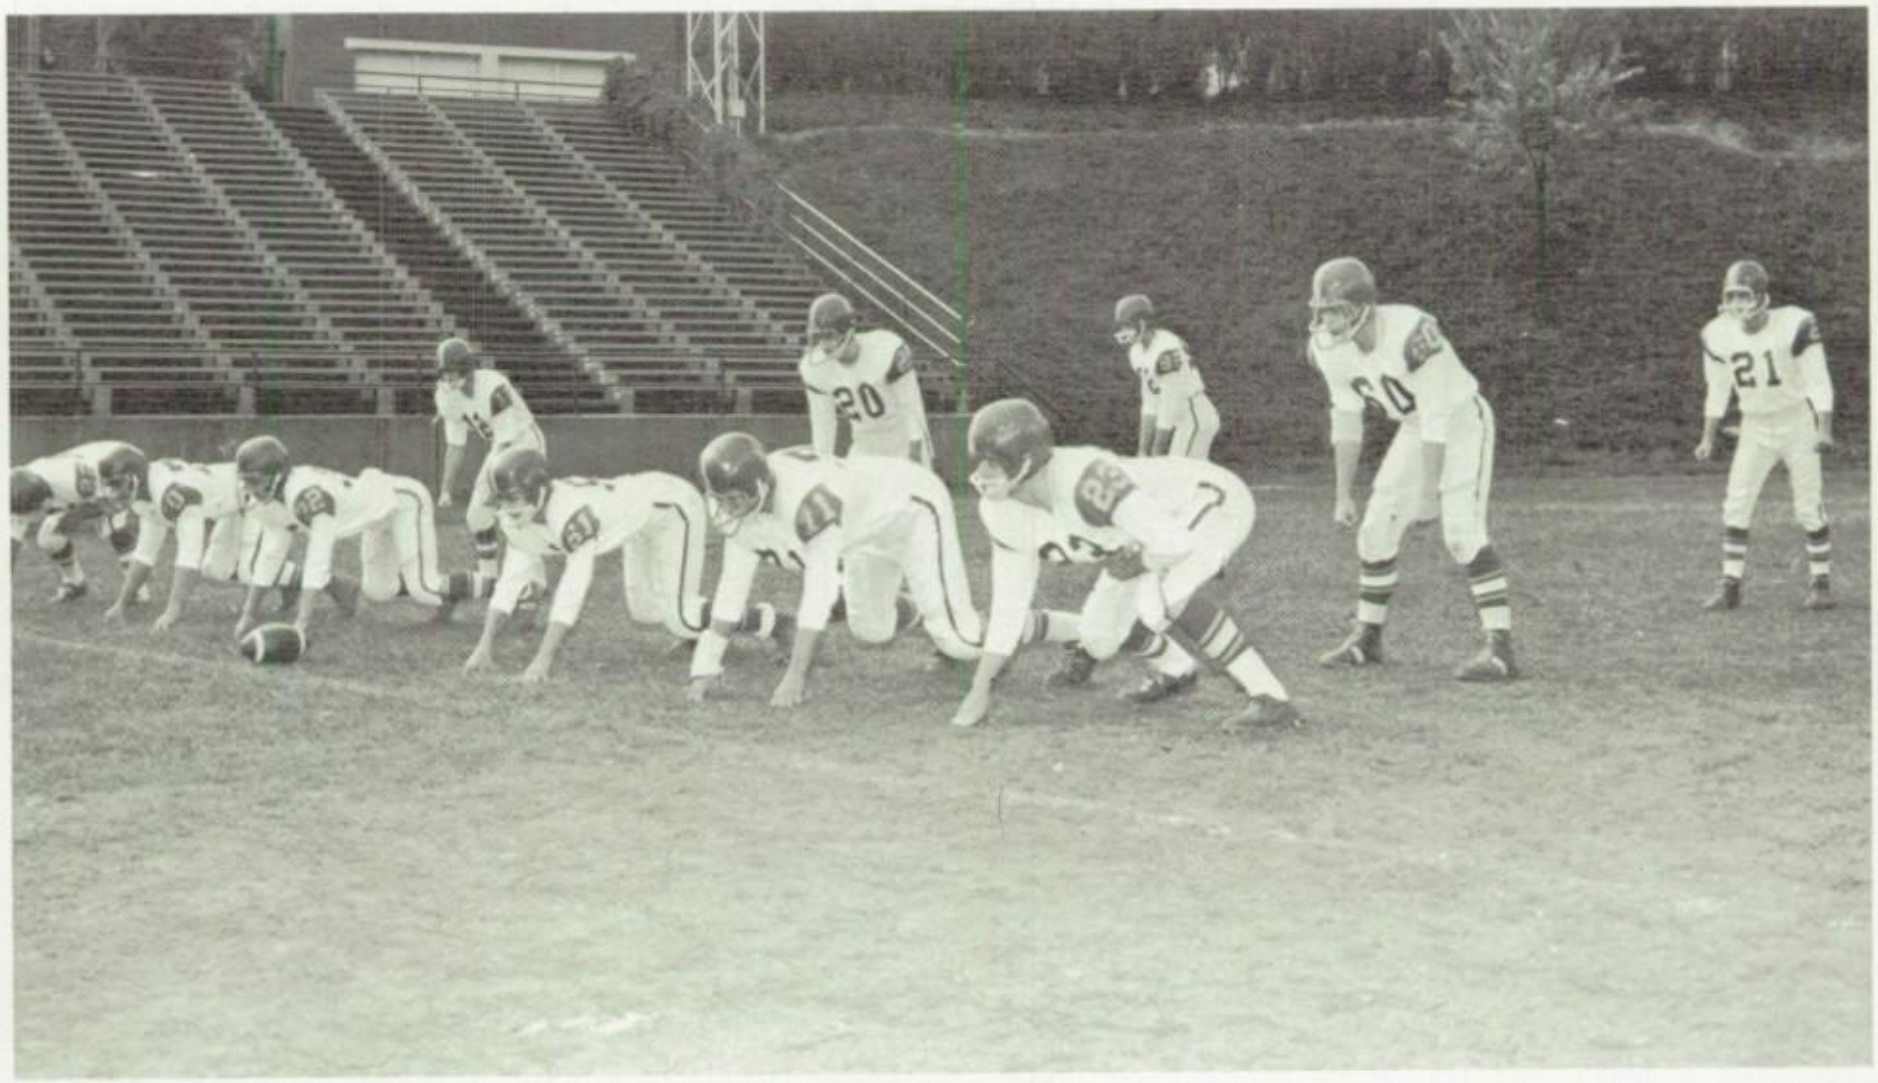
Football

Coach George Reed discusses game strategy.

Kenny carries for that important extra yardage.

Ron moves downfield to protect the ball carrier.

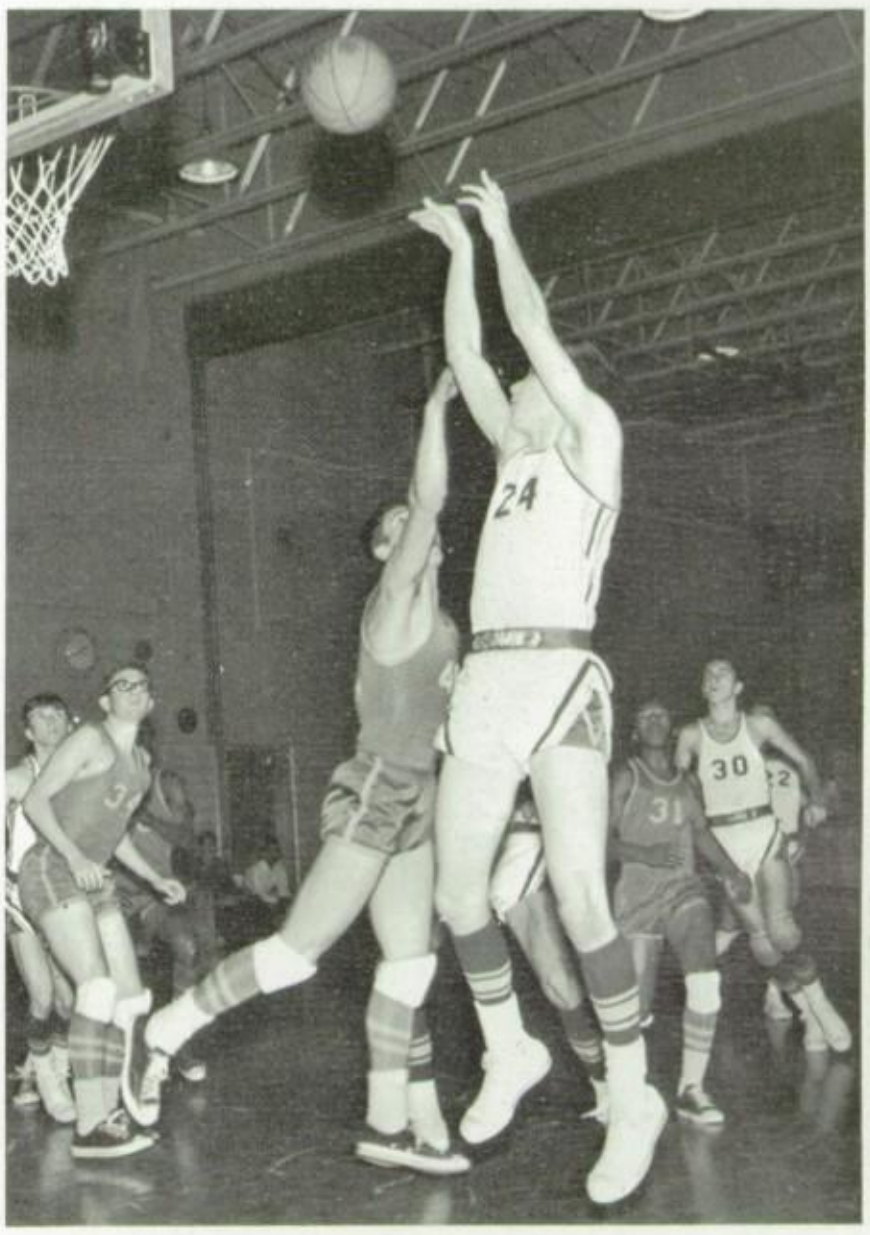
Pat breaks away from a persistent tackler.



Big Blue Spartan defense lines up.

Basketball '67

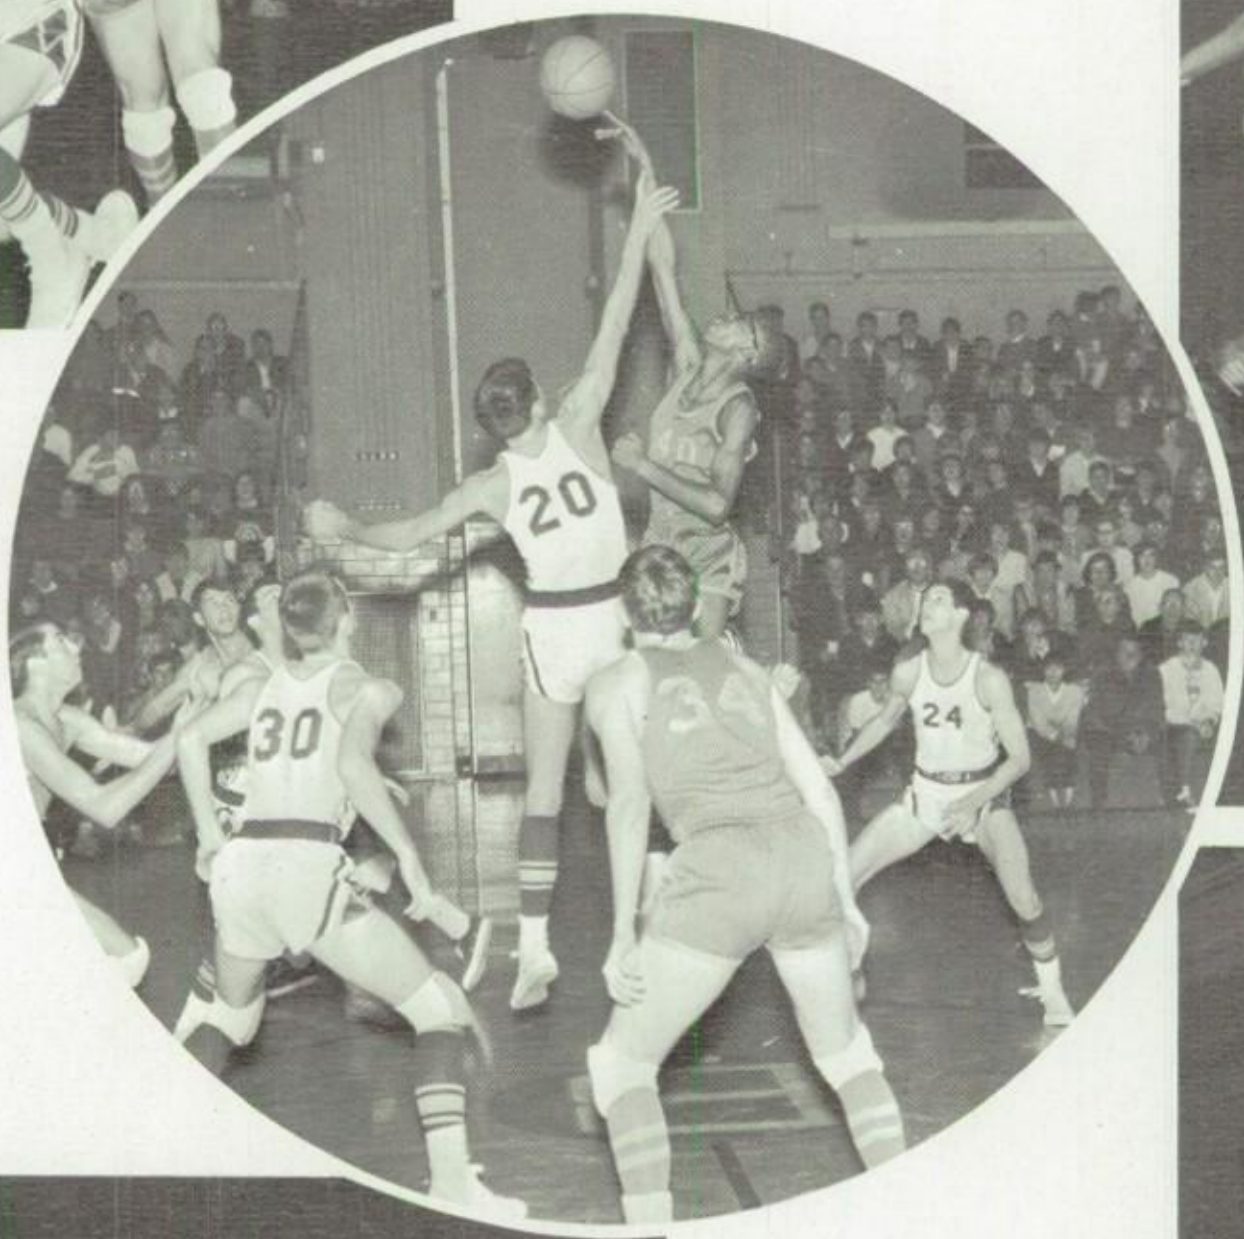
Eight wins against only six losses in section 9-A made basketball season worth remembering. Outclassed only by Mt. Lebanon and Bethel, Brentwood hoopsters scored more points per game than in any previous year. The powerful first string repeatedly showed skill and teamwork in their highly successful sectional play. Next year's team will certainly feel the loss of seniors: Tony Denk, Dave Gauss, Mick McCue, Pat Scullen, Ken Irvin, John Kowalski, and Rich Birch. William P. Douglass coached this fine team.



Scotty shoots with oncoming assistance.

Our agile center performs.

A big reason for third place in Section 9-A



Words worth listening to . . .

Here's another!

Cross Country

With seven wins and four losses the cross country team had an outstanding season. The team's long practice hours showed when the scores were totalled. The high point of the season occurred when Jim Leech smashed the existing school record set in 1962. The team will feel the loss of the nine graduating seniors. Robert W. Schwille was the team's coach.

Brentwood breaks into the lead.

Jim streaks toward another victory.

The gun sounds, and the meet starts.

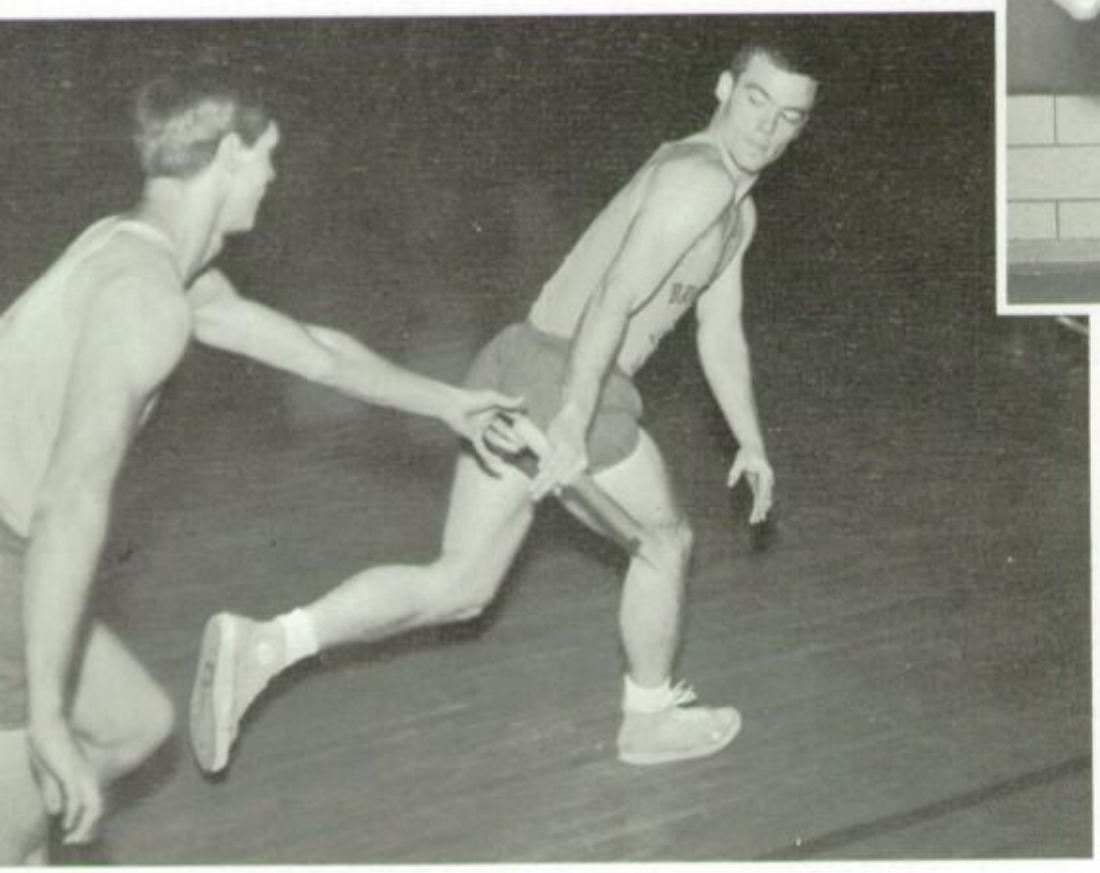
Golf

The golf team swung into action in April with a playoff at the home course, South Hills Country Club. The ten top-scoring men represented Brentwood in competition against such teams as Baldwin and Bethel High Schools. The team looked forward to the return of lettermen Dave Patterson and Larry Dailey. These golfers were coached by William P. Douglass.

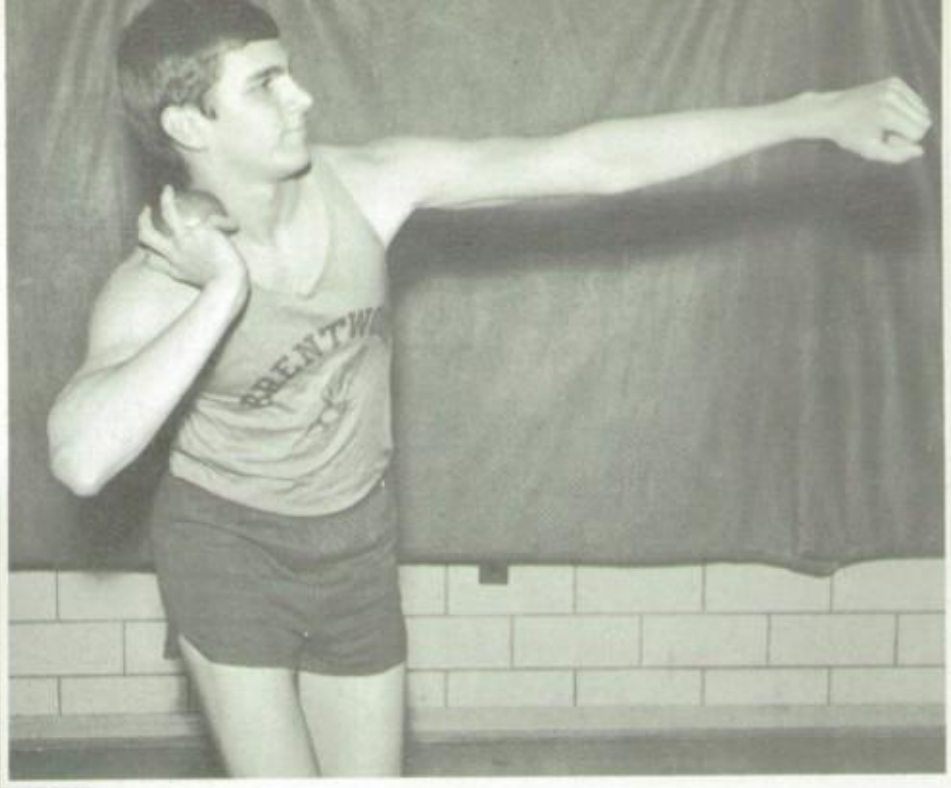
Tennis

The tennis team aspired for a better season. They faced grueling competition against West Mifflin North, Mt. Lebanon, Thomas Jefferson, Bethel, and Peters Township. Seniors missing from the photograph are Dave Gauss, Mark Stillwagon, Ron Volchko, and Dan Kovacs.

Track

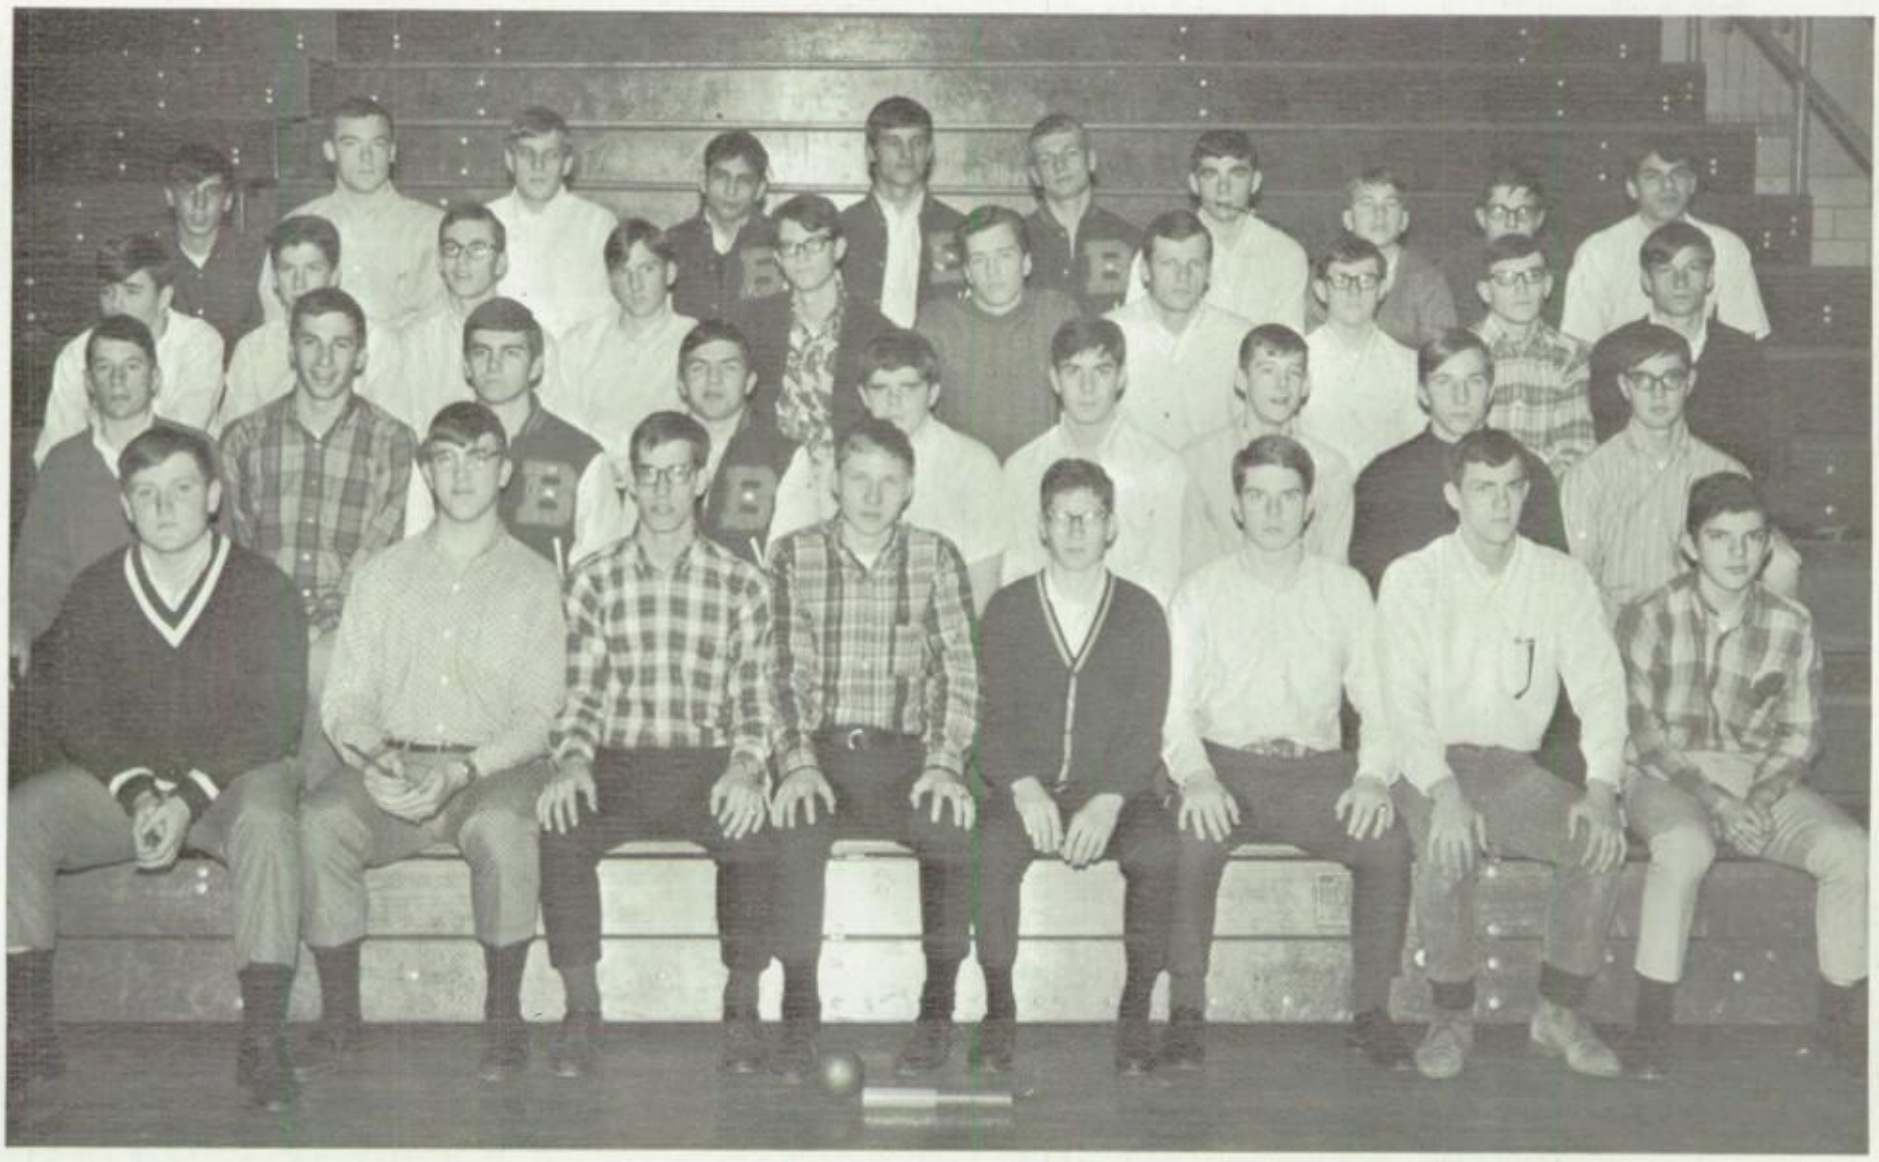


Timing and co-ordination make a successful relay team.

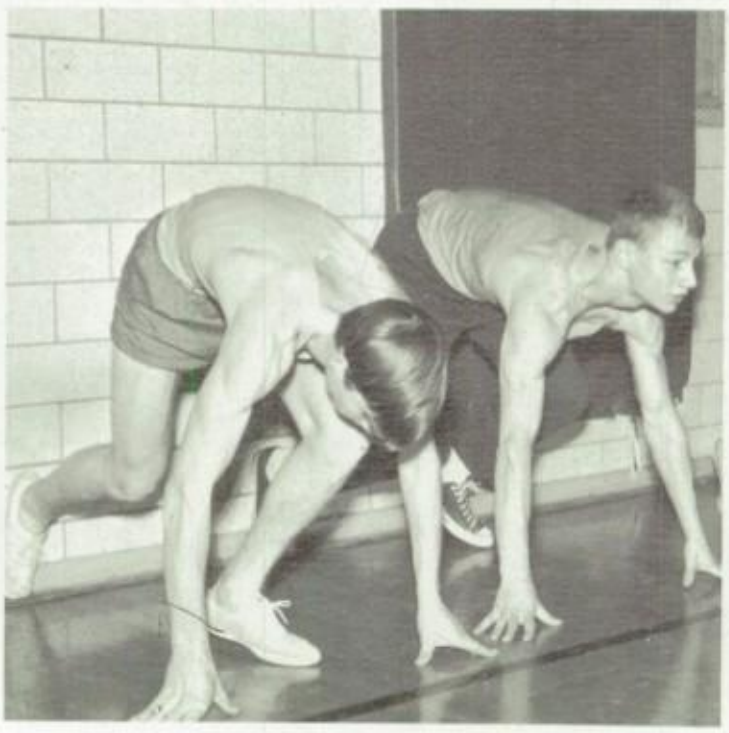


Hey!! . . . Put that over here.

The "Bird" reaches for new heights.



This year's track team, coached by Richard Whitfield, hoped to bring new laurels to Brentwood's victory showcase. Strengthened by distance and weight men, it presented a strong challenge to all competition.



"Plu" shows the correct stance.

Varsity Lettermen's Club

The V.L.C. worked hard to raise funds toward the completion of the Key Club's projected sign. Presiding over the group was Ken Irvin. John Kowalski and Mick McCue acted as vice-president and secretary-treasurer, respectively.

J.V. Football

Coached by Donald M. Ogrizovich and Larry A. Podbesek, these junior varsity players trained rigorously to develop skills for next year's varsity.

J.V. Basketball

Coach Robert W. Schwille's basketball team had a rough season finishing with seven wins and twelve losses. This experience provides fine varsity training for next year.

Jr. High Basketball

Coached by George Reed, the junior high team began their inter-scholastic competition. With a season record of ten wins and nine losses, the young players have already contributed to the school record.

ACTIVITIES

Live on our Alma Mater

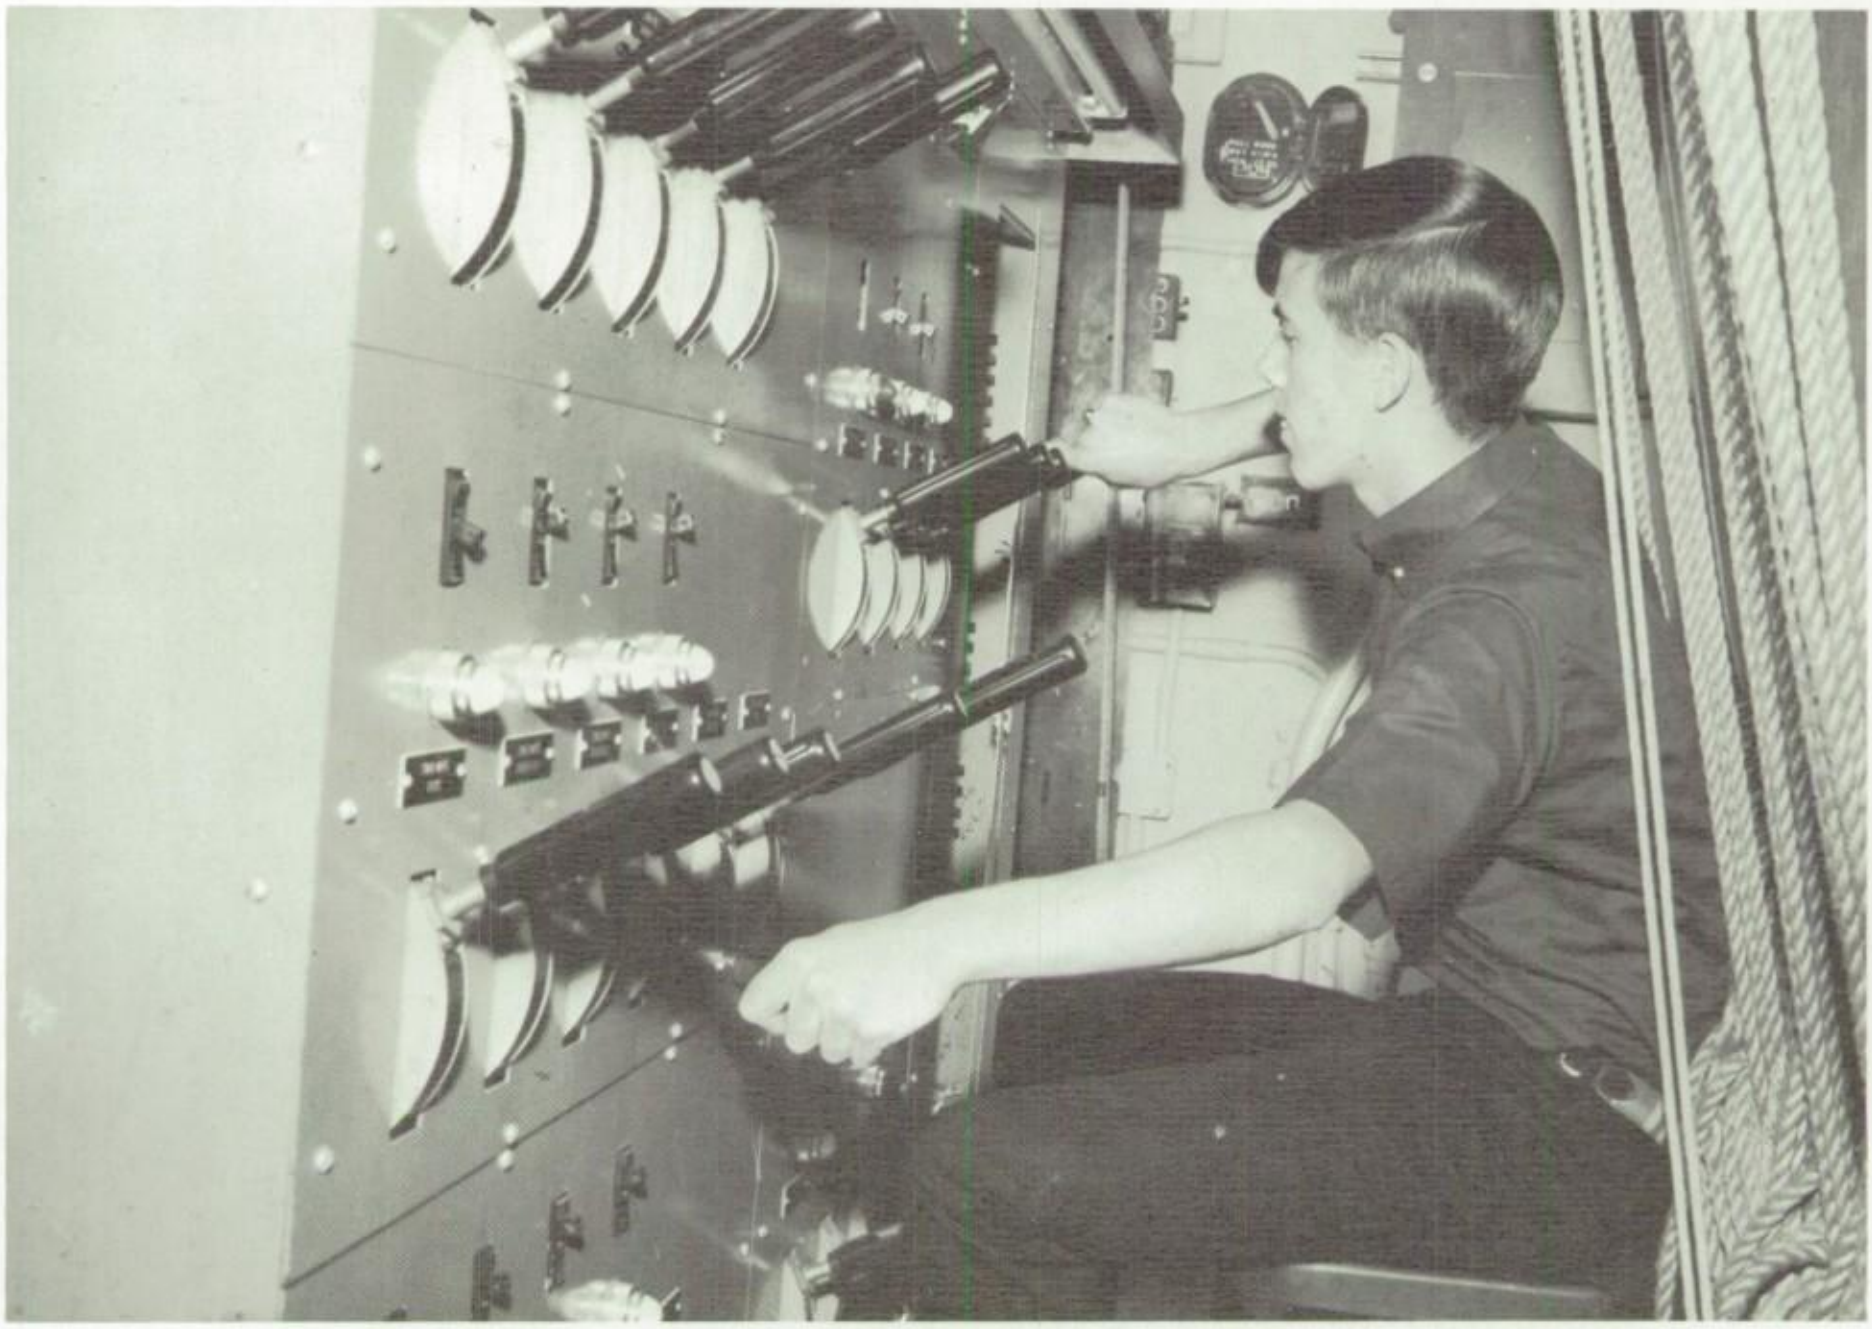
To the end of time

These activities provided enjoyment and useful services . . .

The band played on.

Seniors wrap it up.

Hidi, hidi, ho, ho



He lights up the scenes.

They combine learning with pleasure.
